Re : Philip Morris Incorporated FTC
Submission

Dear Jerome,

I very much appreciate your sending to me copies of the comments which were submitted on behalf of Philip Morris Incorporated to the Federal Trade Commission on June 30th in response to the request by the FTC for public comment on new testing methodology following from the BARCLAY affair. I have also received the Brown & Williamson and R. J. Reynolds comments which you sent.

I am glad to see that certain comments we made here have been taken into consideration in the final product which Philip Morris submitted to the Commission.

With best wishes.

Yours sincerely,

cc: Alexander Holtzman, Esq.
G. Carlton Adkins, Esq.
